

FDG Community Creator - Dungeon Curtains

ACKNOWLEDGEMENTS

Thanks for taking the time to open this PDF. Obviously, you are the type of discerning person who appreciates a good joke title or knows the value of instruction manuals. My name is [Will Walker](#) and I create community content for [Fat Dragon Games](#) Dragonbite system. I hope you enjoy this “pay what you want” set of terrain and I encourage you to contact me at rbdmwill@gmail.com with any and all concerns you might have with these or other titles.

I have some thanks and acknowledgements, since no one ever got this far on their own at anything. First, my wonderful wife for encouraging me and this work. Second, my deep appreciation and thanks goes out to Tom and the FDG Staff. Thank you for the textures you’ve given us to play with, and under such very kind terms and conditions. Thirdly, to the FDG FB Group, this is set was built as a special thank you to you!. You are awesome. If you aren’t a member of the Facebook Group, check for the link below.

Lastly, and most important to me, I need to thank four very important people. Aaron, Colin, Troy, and Nora are the reason I am still punching out sets. They are the pillars that hold me up. Aaron designed and built the amazing <http://dungeonprint.com> studio which allows you to design, organize, and create maps with limitless options. [Colin Christenson](#) is my friend, peer, and crafting partner for whom I do not have enough praise. Troy and Nora round out our ideas, inspiration, motivation and so very much more. My work wouldn’t be the same without them. By our powers combined, we **are** the magic.
