

Black Scrolls

The War Wizard

3D

Miniature Set

by Antal Kéninger

Foreword:

Hi, my name is Antal Kéniger, a graphic artist from Central Europe. I'm the founder of Black Scrolls Games and I've been in the tabletop game business for seven years, working with other publishers and playing with friends on the weekend (when we all have time for it).
First of all, I would like to thank you for downloading/purchasing our products! I hope that this product will lead you through an interesting set of adventures and lend a little extra excitement to your game, whether gaming online (with my other products) or sitting around a table with your friends.

Have a great game!

A handwritten signature in blue ink that reads "Antal Kéniger".

You can resize the files with - 45 percent if you want a smaller (28mm) sized mini in your game.

Support is not needed for all the parts, please read over the next pages for more details.

The bigger Wizard in the pictures were printed at 100-micron layer height, 20 percent infill and 200C with PLA. These numbers may vary based on your printer and the material you use.

If you have any questions, please feel free to contact us here, on Facebook or any other platform where you can find us.

These files are for personal use only, making any changes to the files, selling them or the printed result is possible only with the written permission of the publisher.

We say big thanks for the **patrons** who have supported this project, they are:

Ashley Cobb
Tom Henderson
Michael Haggard
Matthew Caron
Andy Ross
J David Porter

Robert Gulin
Damien Fletcher
Douglas Rector
Antonio Miguel Martorell Ferriol
Franck Florentin
Brian W Adams

Patrick Odell
Alejandro Camacho
Peter Sauerbrei
Anne Thornton

Join our "Masters of the Black Scrolls" Facebook group where you can submit your suggestion to the next map/model, read exclusive news and share your pictures and experience with us and with other gamers. Click here!

Parts:

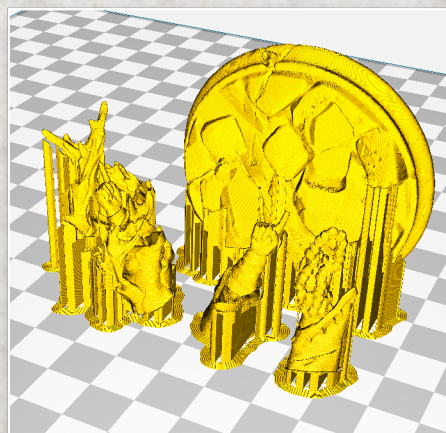

You can print the next parts without support:

**Upper-body, Sword, Belt,
Book, Legs, Boots
(and Base if you print it
horizontally)**

**It's recommended to use supports
to the next parts, you can even
rotate them to find a better
position for printing:**

**Right_arm, Left-arm,
Right_arm_withfire,
Base if you print it vertically**

If you want to print a 28mm version please resize all the files from 100% to 45%. It's better to resize the 'Belt' part to 44% because it will fit better to its place in this small size.

***the base has changed
It was a prototype**

**The Wizard printed at 100%
Height: 8.5cm
(100 mlc layer height, 0.4 mm nozzle)**

**The Wizard printed at 45%
Height: 4.3cm
(50 mlc layer height, 0.2 mm nozzle)**
