## Foreword:

Hi, my name is Antal Kéniger, a graphic artist from Central Europe. I'm the guy behind Black Scrolls Games and I've been in the tabletop game business for seven years, working with other publishers and playing with friends on the weekend (when we all have time for it).  
First of all, I would like to thank you for downloading/purchasing my product! I hope that this product will lead you through an interesting set of adventures and lend a little extra excitement to your game, whether gaming online (with my other products) or sitting around a table with your friends.

Have a great game!
