PRODUCT #2540

# WHITEWASH CITY: STAGECOACH & EXPRESS OFFICE

NOTE: It may be sufficient to use paper rather than card-stock for Shutters

## IRON SHUTTERS (OPTIONAL)

FOR FRONT WINDOWS

FOR REAR WINDOWS

FRONT DOOR

REAR DOOR

Cut out, fold and glue where indicated. Glue window/shutters over doors and windows of finished building model.

### Iron Shutters

Iron shutters were used on many brick and stone buildings during this period. Although shutters could be shut and locked, thus deterring theft, they were mainly used to protect against fire. It was thought that brick and stone buildings were fire proof and iron shutters would prevent the fire from entering the building through windows and doors.
