

GATEHOUSE MOAT WATER

The diagram illustrates a cross-section of a gatehouse moat. A central white rectangular area represents the gatehouse structure. Above this structure, the water level is indicated by a horizontal line. The area above this line and within the moat is filled with a blue, wavy texture representing water. The text 'REMOVE this void' is centered within the white gatehouse structure. The entire diagram is enclosed in a black rectangular border. Dotted lines extend horizontally from the left and right sides of the moat area, suggesting the continuation of the moat.

REMOVE this void
