Thank you for purchasing BORDERLAND KEEP! The FDG crew hopes this model set brings you and your gaming group many hours of enjoyment. If this is your first model from us, we suggest you read the document titled EZ INSTRUCTIONS before starting construction. This document will outline the basic supplies you will need and has an overview of card modeling techniques you will find useful in the construction of this model. Individual instruction files for the major subassemblies can be found in their respective folders. Should you require further assistance or have any questions, please drop by the FDG forums and we'll help you out in any way we can.
