Pale Green Gem

This magical gem looks as delicate and cold as a piece of ice, its facets catching the light and looking like freshly-formed frost crystals. It allows its bearer to polymorph into a polar bear. The effect is as a *polymorph self* spell cast at 7th level, but the only form allowed is polar bear. Then the gem shatters. The number of charges depends on the EL at which Encounter Six was fought. Check the appropriate line.

Goat Bladder of Stinking Cloud

Once this flask is uncorked, it releases vapors from an alchemical mixture that has the same effect as if a *stinking cloud* spell was cast by a 5th level wizard. Better uncork it, hurl it, and run as fast as you can if you don't want to be caught in its effects.

Rashemen Medallion

You found this silver and brass medallion about the neck of a skeleton-the remains of the wizard Bojabi. The wizard originally hailed from Rashemen, and this medallion is covered with symbols representing key individuals and historic events. The medallion is worth roughly 200 gold if sold in Ravens Bluff or elsewhere. However, if you are able to sell the medallion in Rashemen, you can get 10 times that amount-2,000 gold. The DM must indicate on this certificate if you sell it in Rashemen during an adventure.
