

## WAY OF THE SWORD SAINT

Monks of the Way of the Sword Saint train in dedication to mastering a level of weapon expertise that surpasses normal limitations. They can strike like the wind, step into the sky, or even sunder stone. Though they most often treat their mastery of the weapons as an art, seeking spiritual understanding through perfect, turning this art to more practical ends can result in very deadly encounters for their foes.

### MYSTICAL TECHNIQUES

When you choose this tradition at 3rd level, you learn mystical techniques that allow you to unleash supernatural feats with your weapons. You learn three techniques of your choice, which are detailed in the "Mystical Techniques" section below. You learn two additional techniques of your choice at 6th, 11th, and 17th level.

Mystic Techniques can only be performed with unarmed strikes or monk weapons. If a Mystic Technique uses a DC, it uses your Ki Save DC.

Whenever you gain a new level in this class, you can replace one mystical techniques you already know with a different techniques.

You can spend a number of ki points on mystical techniques equal to your proficiency bonus, after which you cannot spend more ki on Mystic Techniques until the start of your next turn.

### WEAPON MASTERY

Additionally at 3rd level, you can choose to master a weapon that would not normally be a monk weapon. Choose a simple or martial melee weapon that lacks the heavy and special properties. You gain proficiency in the weapon, and it becomes a monk weapon for you. You can choose another weapon in this way at 6th, 11th, and 17th level.

This subclass assumes that the optional content Ki-Fueled attack is allowed. If it is not, add it as an additional 3rd level feature for this subclass.

#### KI-FUELED ATTACK

If you spend 1 ki point or more as part of your action on your turn, you can make one attack with an unarmed strike or a monk weapon as a bonus action before the end of the turn.

### ONE WITH THE BLADE

At 6th level, you extend your ki into your kensei weapons, granting you the following benefits.

**Magic Kensei Weapons.** Your attacks with your kensei weapons count as magical for the purpose of overcoming resistance and immunity to nonmagical attacks and damage.

**Blade Flurry.** When you make a Flurry of Blows, you can make the additional attacks with your Monk Weapon.

### EMPOWERED TECHNIQUES

Starting at 11th level, at the start of your turn, you gain 1 free ki point you can spend on a Mystic Technique before the start of your next turn. If it is not spent before the start of your next turn, it is lost.

### UNERRING ACCURACY

At 17th level, your mastery of weapons grants you extraordinary accuracy. If you miss with an attack roll using a monk weapon on your turn, you can reroll it. You can use this feature only once on each of your turns.

### MYSTIC TECHNIQUES

The mystic techniques are presented in alphabetical order. If a technique requires a level, you must be that level in this class to learn the technique.

**Agile Parry (1 Ki).** As a reaction to being attacked, you can attempt to parry the attack, rolling your Martial Arts die and increasing your AC by the value rolled against the attack. If you the attack still hits, you reduce the damage taken by the value rolled + your proficiency bonus.

Until the end of your next turn, when you make an attack, you can attack with it as if you were holding it, causing it to fly up to 30 feet before striking a target. It returns to after making any attacks made this way.

Make a weapon attack treating the magical effect as having an AC equal to the spell casters spell DC (your DM determines what magical barriers this might work on).

**Dimension Slash (4 Ki) (11th level required).** You can cast *dimension cutter*<sup>K</sup>.

**Instant Strike (1 Ki).** As a reaction to a creature moving within your reach, you can make a melee weapon attack against them.

**Imparted Force (1-3 Ki).** When you hit a target with an attack, you can expend up to 3 ki points, dealing a number of rolls of your Martial Arts die equal to the ki spent, and forcing the target to make a Strength saving. On failure, they are pushed 10 feet for each ki point spent.

**Sever Soul (6 Ki)** (*17th level required*) When you strike a creature, you can attempt to sever its soul. The target must make a Constitution saving throw. On failure, they take necrotic damage equal to 6 rolls of your Martial Die. If this damage reduces them to 0 hit points, they die. Otherwise, they gain a level of exhaustion. On pass, they take half as much damage, and suffer none of the other effects.

**Sharpen the Blade (1-3 Ki)** (*6th Level Required*). You can infuse a monk weapon you are holding with ki, granting it a bonus to attack and damage rolls equal to the ki spent for 1 minute (no action required). This bonus can stack with an existing bonus a weapon has, but the total bonus cannot exceed +3.

**Slashing Spin (1 Ki)**. As an attack as part of the attack action, you can whirl your blade in a circle, forcing all creatures within 5 feet to make a Dexterity saving throw. On failure they take damage equal to your Martial Arts die + your Dexterity modifier, or half as much on success.

**Steel Wind Strike (5 Ki)**. You can cast *flickering strikes*<sup>K</sup>.

**Skyward Leap (1+ Ki)**. As a bonus action, you jump 20 feet per ki spent and can hover as if under the effect of the *levitate* spell by concentrating (as if concentrating on a spell) until the end of your next turn. You can end this concentration at any time.

**Sundering Strike (2 Ki)** (*Requires 11th level*). When you strike a target, can empower the attack with destructive ki. If you are attacking an object that is not being worn or carried, the attack becomes a critical hit and deals double damage to the object. If the target is a creature, it takes damage equal to two rolls of your Martial Die, and if it is using nonmagical armor or a nonmagical shield, it must make a Constitution saving throw. On failure, you can destroy its shield or damage its armor (reducing its AC by 2).

**Sword Spirit (2 Ki)** (*Requires 6th level*) You can cast *spirit echo*<sup>K</sup>.

**Vaulting Strike (1 Ki)**. When you hit a target with an attack, you can expend a ki point to deal additionally damage to the target equal to your Martial Arts die and leap over the target, landing in an occupied space adjacent to them.
