5,000 km	9		-	-	-	-	-	-	-	-	-	□		500,000 Probably never encountered.

□= Accessible with proper equipment. - (shaded) not possible.

Pressure in Bar (= one Atmosphere). Pressure-1 inflicts 1D hits per minute.

DAMAGE

Any object under water is subject to Pressure as shown. Pressure-1 inflicts 1D hits per minute on Armor. If Armor is penetrated, Sealed is also penetrated.

Inverse Damage. A native from a specified depth requires protected enclosures equal to the difference in Pressure when venturing out of its native level.
