

The March of Technology-2

Technological Levels define the point in the technology continuum where specific objects can commonly be produced.

		Era	Transportation	Medical	Science	Computers
Vlow Tech	0	Primitive. Stone Age.	Walking	Herbal Medicine Mystical Therapy		Counting
	1	Bronze Age 3500 BC	Beasts of Burden	Basic Diagnosis.		Abacus. Quipu.
	1.3	Iron Age 1300 BC	Wheel			
	1.6	Middle Ages 600 AD	Galleys			
	2	The Age of Sail 1500 AD	Sailing Ships	Internal Anatomy.		Algebra
	3	Industrial Revolution 1700 AD		Crude Surgery.	Mechanics	Calculus
	3.3	1800	Steamships			
	3.6	1850	Railroads			
	4	Mechanization 1900 AD		Antiseptics. Anesthetics.	Medical	Analog Computers
Low Tech	5	1930 AD	GroundCars	Internal Imaging.	Polymers	Electric Calculators
	6	Nuclear Age 1950 AD			Electronics	Model /1
	7	1975 AD	Rockets to Orbit	Organ Transplants. Slow Drug.	Programmer	Model /2
Mid tech	8	2000 AD			Photonics	
	9	2020 AD	NAFAL	Cryogenics Fast Drug.	Gravitics	Model /3
	10	2100 AD	Gravity Manipulation Lifters. G-Drive.	Anti-Virals	Fluidics	Model /4
High Tech	11				Magnetics	Semi-Organic Brains Model /5
	12			Antigeriatrics		Positronic Brains, Model /6
	13			Effective Cloning. Forced Growth	Biologics	Wafer Technology Model /7
VhighTech	14			Geneering		Self-Aware Electronic Model /8
	15			Anagathics.		Model/9
	16					True Artificial Intelligence
Xhigh Tech	17					
	18					
	19		Elemental Matter Transport			
Uhigh Tech	20		Global Matter Transport			
	21		System Matter Transport
