

French Colonial Infantry

May 10, 1940

Consists of 3 infantry regiments of 3 battalions each, 1 artillery regiment, 1 engineer battalion, 1 anti-tank company, and 1 recon battalion.

Notes: France had many overseas colonies and divisions raised from many of these were stationed in France in May, 1940. Types include DIC (colonial infantry), DIA (Africa and Morocco), and DINA (North Africa). I don't know the exact organization of these units, but I presume they would be very close to the standard infantry organization. Troop quality is probably highly variable and could be represented by either type of rifle unit.

Divisions include: 1st DIC, 2nd DIC, 3rd DIC, 4th DIC, 5th DIC, 6th DIC, 7th DIC, 8th DIC
1st DINA, 2nd DINA, 3rd DINA, 4th DINA, 5th DINA, 6th DINA, 7th DINA
82nd DIA, 87th DIA
